## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements between the wireline, the wireline connector and the wireline strand layer. There is also a lack of structural connection between the inner sleeve, the outer sleeve and the wireline connector, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 6 rejected under 35 U.S.C. 102(b) as being anticipated by Ludwig et al (US 6032733).

The wireline connector is met by the cable head 10 for connecting a wireline and wireline tool 18. The wireline also comprises inner core having electric conductor Col.

5, lines 1-9). Means for releasably disconnecting is anticipated by fusible locking ring 160 which disconnects the wireline from the tool upon heating.

***Allowable Subject Matter***

Claims 7-11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 1-5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
